## Premier Brand Ribbons

For every make of Typewriter

*To do good typewriting, a good ribbon is  
absolutely necessary*

*Good work cannot be done on a  
good machine with poor supplies.  
Good supplies will improve the  
work of a poor machine.*

Premier Brand ribbons are the best typewriter ribbons that can be made. They are manufactured only by the Smith Premier Typewriter Company and can be purchased only from our branch offices or recognized dealers in all parts of the world. They are made in bright, strong colors, give clear, sharp impressions, will not fill the type, and, as copying ribbons, are strong and rapid, giving only the finest results. With the record ribbons permanent writings may be made, particularly so with the black record, which withstands every chemical test and the work of which cannot be destroyed by time, air, sunshine, or by any usual means. This has been proven by Government tests of a severe nature made both in the United States and abroad. This is also true of our Indelible Copying and Lawyers' Indelible ribbons.

We supply Premier Brand ribbons in all degrees of inking—light, medium or heavy; medium being furnished unless otherwise ordered. This is true both of the record and copying ribbons.

## Ribbons for Copying Devices

For use in connection with the Roller Copier press or other roller copying devices, we make an exceedingly rapid copying ribbon, known as the Rapid Roller Copying ribbon—furnished in purple or blue, and these should not be used for writings intended to be copied in letter copying-books; neither should ordinary copying ribbons be used for work to be copied on roller presses.

Premier Brand ribbons are made for all makes of typewriters now on the market and also for time stamps or other devices requiring narrow or special widths.

We furnish these ribbons in special shades of purple, blue, green, brown or red, to match the inks used in connection with the Mimeograph, Neostyle, or other stencil duplicating machines. Such special match ribbons should be of the record variety if possible, as they produce more satisfactory results than can be obtained with any copying ribbon.

## Ribbon Coupons

For convenience of customers we issue Ribbon Coupons, which cost \$7.00 per dozen or \$3.50 per half-dozen. Our ribbons retail at 75 cents each. By the coupon plan the customer not only saves money but is always able to obtain an absolutely

fresh ribbon by simply mailing a coupon. The economy and convenience of this plan recommends it to typewriter users generally. Our coupons will be redeemed at any of our branch offices.

We guarantee every ribbon and will exchange any that fail to come up to the standard.

## Styles and Colors

The Premier Brand ribbons are put up on spools and in tin boxes, and are regularly made in the following colors and styles:

### Copying

Purple . . . . .	copy Purple	Official Indelible, Black, copy Blue
Blue . . . . .	copy Blue	Rapid Roller . . . . . Purple copy
Black . . . . .	copy Black	Rapid Roller . . . . . Blue copy
Green . . . . .	copy Green	Hektograph . . . . . Purple copy
Brown . . . . .	copy Brown	Hektograph . . . . . Blue copy
Red . . . . .	copy Red	Railroad Duplicator . Purple copy
Black . . . . .	copy Purple	Railroad Duplicator . Green copy
Black . . . . .	copy Green	Lawyers' Indelible
Black, copy Blue, indelible		Lithograph

### Record, non-copying

Black	Blue	Purple	Green	Brown	Red
-------	------	--------	-------	-------	-----

The Hektograph ribbons are for use in making copies to be duplicated on the Hektograph or other flat surface duplicating machines.

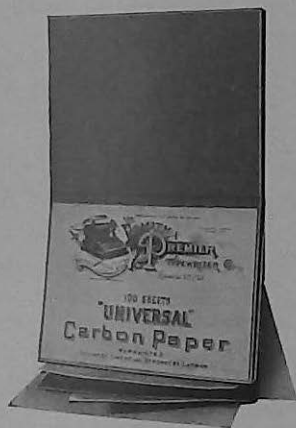

The Railroad Duplicator ribbons give an original writing that will produce fifteen to twenty letter book copies at one copying.

Lawyers' Indelible ribbons produce work that cannot be removed without destroying the surface of the paper.

Lithograph ribbons contain ink of the same nature as lithographers' transfer ink.

## Our Carbon Papers

Our carbon papers are the very best offered and have been produced solely for us after exhaustive experiments. They are suited to all kinds of work. These carbon sheets are made by the most skilled labor obtainable, from the latest improved and expensive materials that enter into the composition of such papers.

### The Universal

Our Universal is the highest grade of extra light-weight carbon manufactured and is suitable for the taking of a large number of copies or for the production of other work requiring a very thin paper.

## The Smith Premier

Our Smith Premier is the well-known brand that we have sold with constantly increasing demand for the past ten years. It is the standard for all general purposes. It is a medium-weight paper and is very popular with operators for the making

of carbon copies for filing purposes. Its work is clear and strong, and this carbon, in finish and durability, is superior to many of the higher-priced carbons offered by manufacturers and dealers.

### Various Grades

The above grades are standard and will meet the requirements of the great majority of typewriter users. We furnish, however, carbon of various grades for special purposes. We will be pleased

to quote prices on anything in this line, including Pencil, Manifold or Stylus carbons. We supply a fine grade of copying carbon, from the work of which copies can be made in a letter copying book the same as from a copying ribbon.

Our carbons will retain their freshness for years. They are packed one hundred sheets in a box, in four packages of twenty-five sheets each, put up in envelopes. Regular sizes are  $8 \times 10\frac{1}{2}$  (letter) and  $8 \times 13$  (legal). Legal is always sent unless letter is specified. Regular colors are black, purple, blue, green and red. Our black carbon copies are permanent, will not fade and cannot be destroyed by the application of acids. Such writings stand the chemical tests precisely the same as does the work of our Premier Black Record and Indelible ribbons.

### Prices

	Dozen sheets	100 sheets
Universal, legal or letter size . . . .	\$ .50	\$4.00
Smith Premier, legal or letter size . .	.40	3.00

The above prices cover sizes from  $8 \times 10\frac{1}{2}$  inches (letter) up to  $8 \times 13$  inches (legal) in regular finish and also our new hard finish carbons. Full carbon, coated both sides, in above sizes furnished at same price as semi-carbons, coated one side.

	Dozen sheets	100 sheets
Copying Carbon, blue, purple, green, thin weight, legal . . . . .	\$ .80	\$6.00
Copying Carbon, blue, purple, green, standard weight, legal . . . . .	.60	4.00

We will gladly quote on special sizes or special grades of carbon as our facilities for furnishing any article in this line are unexcelled.

Substantial discounts allowed on orders from 500 to 1,000 sheets, by our Carbon Coupon plan.

## Premier Typewriter Papers

Our papers are manufactured especially for typewriter work from selected linen stock, are loft dried, and possess a uniformity of texture and finish that make them unexcelled. They are, however, perfectly adapted for printing or lithographing and when so desired can be furnished in the flat ream— $17 \times 22$  or  $17 \times 26$ .

## Linens and Bonds

From our several numbers we are confident selections can be made to meet every reasonable requirement for manifolding and for legal work, and the heavier grades of linens and bonds offer most excellent papers for correspondence.

Our complete line, guaranteed by the "Smith Premier" watermark, is carried in each of our

branch offices, located in all principal cities. Sample book, showing full line, free on request.

Business stationery engraved, lithographed or printed upon any of our papers at the lowest prices consistent with high-grade work.

## Letter Copying Books Baths, Etc.

With the Premier Brand of typewriter ribbons (copying) and our Japanese letter copying books there is no excuse for a poorly copied letter. If you

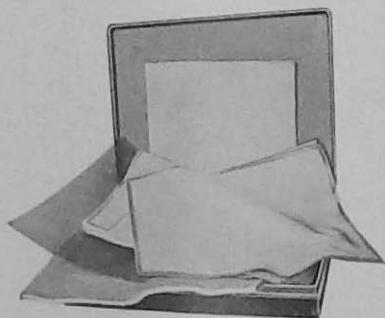

No. 440 Book  
Bound Cloth Sides, Red Leather Back  
and Corners

have had difficulty in obtaining satisfactory copies, the trouble may be in the ribbon, or in the copying book, or perhaps in the bath used.

We have given close attention to the manufacture of all supplies offered by us for use in connection with Smith Premier typewriters, fully appreciating the fact that if first-class work is to be produced, first-class supplies must be used.

Our letter copying book is a superior article, having very thin Japanese silk paper capable of copying from damp, not wet, cloths; our baths are built under new patents and are on the capillary system, which insures an even distribution of moisture and does not necessitate the wringing of the cloths. These cloths are made especially for

Smith Premier Capillary Bath

us and are the best to be obtained at any price. Oil boards and blotters are minor matters, but we offer only the best grade of each, desiring to keep the quality of our supplies up to the high standard of excellence attained by the Smith Premier Typewriter.

To satisfy a demand, we have had made for us letter copying books in white glazed and unglazed paper and also in buff parchment, on which we will be pleased to quote, but prices here given are for the best grade Jap books, which we recommend for use with any of our copying ribbons.

## Japanese Letter Copying Books

Bound Black Cloth Sides, Red Leather Backs and Corners, Nos. 440 and 441, or Full Duck, Nos. 442 and 443

	Each	Dozen

For baths, 10 x 14 . . . 60 cents a dozen

## Premier Blotters

For baths, 10 x 12 or 10 x 14 . . . 30 cents a dozen

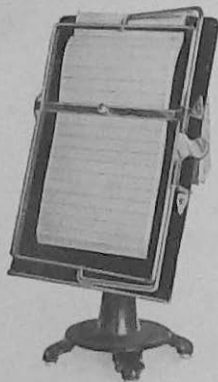

## Copy and Note Book Holders

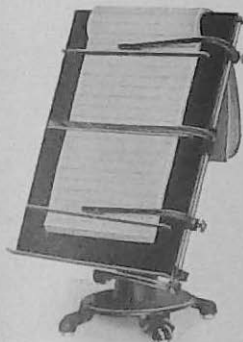

Our line of copy holders comprises the best that have ever been offered for use in connection with typewriters.

### The Ideal

The Ideal is a holder with standard designed to rest on the desk at the side of the machine.

Longley Copy Holder

Ideal Copy Holder

### The Longley

The Longley, like the Ideal, is built with standard to rest on the desk at the side of the machine.

They both have been long on the market.

### The McGurrian

The McGurrian attaches to the back plate of the typewriter and supports the copy directly in

McGurrian Copy Holder

front of the operator, a desirable feature, particularly so where the "touch" method of operating is employed.

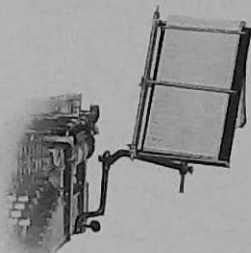

### The Reid and Read Easy

The above feature is also true of the Reid or Read Easy holders when their telescope attachment is used. This is a device that is screwed to the baseboard of

a drop cabinet and receives the adjusting-rod, so that the copy is held in the same position as by the McGurrian. These holders are also furnished with desk stands or with arms and clamps for attaching to any machine.

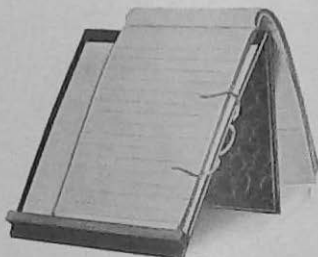

Reid, with line indicator and machine attachment

Read Easy, with line indicator and machine attachment

## Note Book Holder

A convenient article and reasonable in price, taking the place of the more expensive copy holders. Each device is fitted with an open book holder

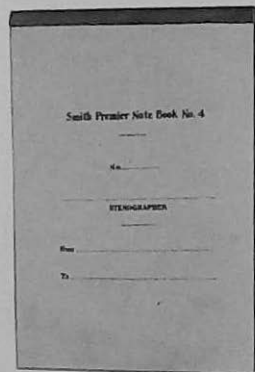

which can be used as a line indicator. The holder can be used by students, copyists and bookkeepers as well as stenographers.

### Prices

Reid Copy Holder, with machine attachment or desk stand . . . . .	\$2.00
Reid Copy Holder, as above, with line indicator . . . . .	2.50
Read Easy Copy Holder, with machine attachment or desk stand . . . . .	1.50

Separate Line Indicators for above machines . . . . .	1.00
Arm or Clamp for attaching to machine, each . . . . .	.35
Desk Stands or Telescope Attachments, each . . . . .	.70
Ideal Copy Holder . . . . .	2.00
Longley Copy Holder . . . . .	2.00
McGurrin Copy Holder, with attachment (State machine used when ordering) . . . . .	2.00
Note Book Holders, each . . . . .	.75

## Premier Note Book

We carry a line of five stenographers' note books that are uniformly 160 pages, open end and strongly bound. Our No. 0 is a 6x9 book, adapted for either pen or pencil; Nos. 1 and 2 are pencil books, the former being 4 $\frac{3}{4}$ x9 and the

latter 6x9. Nos. 3 and 4 are pen books, in size respectively, 4 $\frac{3}{4}$ x9 and 6x9. All are made from carefully selected stock most suitable for the purpose for which each book is intended.

### Prices

	Per dozen	Per 100
No. 0, 6x9, Pen or Pencil . . . . .	\$ .75	\$5.50
No. 1, 4 $\frac{3}{4}$ x9, Pencil . . . . .	.40	3.00
No. 2, 6x9, Pencil . . . . .	.50	3.50
No. 3, 4 $\frac{3}{4}$ x9, Pen . . . . .	.65	4.50
No. 4, 6x9, Pen . . . . .	.90	6.50

## McMillan Record Books and Files

The McMillan Record Book used in connection with the Smith Premier Typewriter forms the only satisfactory method of binding in permanent book form separate typewritten sheets. The book when complete has the appearance of a book bound in the ordinary manner. These books are being used for the making of official records in state departments, by county, city and town clerks, surrogates, and by many business corporations for their minutes.

The McMillan book should not be confused with the many loose-leaf systems or filing devices now offered. It is essentially a book, and when the loose typewritten sheets are bound the record is perfectly safe from either alteration or substitution. Records kept by this system are more satisfactory and result in the saving of labor, time and expense.

We also furnish the McMillan file for the convenient holding of records to which reference is often made and which require constant change, the file being so made as to allow the sheets to be inserted or removed instantly at any part of the volume.

We issue a complete illustrated descriptive catalogue, showing different styles of bindings, and covering the entire matter of McMillan record books and files, which will be sent on request.

## Edison Mimeographs and Supplies

The best means of obtaining a number of copies of typewritten matter is by use of the Mimeograph. With this machine and a stencil cut on the Smith Premier Typewriter, which does the very highest grade of work, a large number of copies

can be made from one typewritten original. The operation is very simple and a very large number of these aids to business getting are in use in all parts of the world.

### Price-List of Edison Diaphragm Mimeographs

No. 61, For reduplicating typewriting only,  
with printing capacity  $7\frac{1}{4} \times 12$  inches, \$16.00

- No. 62, For reduplicating typewriting only,  
with printing capacity 9 x 13 inches.  
(Can use Diaphragm No. 62B with this  
machine if desired), . . . . . \$17.50
- No. 63, For reduplicating typewriting only,  
with printing capacity 12 x 16 inches.  
(Can use Diaphragms Nos. 63B and  
63C with this machine if desired), . . . . . 20.00

The above machines are complete with one  
quire of stencil paper, one tube of blue ink, and  
other necessary supplies.

Detailed price-list of supplies and descriptive  
catalogue of above machines furnished on applica-  
tion.

## Celluloid Key Caps

We supply these blank key caps to enable  
teachers and pupils who possess Smith Premiers  
fitted with the ordinary keyboards, to adapt them  
for "touch typewriting," without the necessity of  
removing the key tops. These celluloid caps are  
furnished in black and white and can be fitted over  
the regular key tops, making each key a blank.

### Price-List

Complete Keyboard of any Smith Premier typewriter . . . . .	\$ .75
Key Caps per 100 . . . . .	1.00

## Rubber Cushion Key Tops

These key tops consist of soft rubber cushions  
with the letters, figures and characters inlaid and  
are adapted to fit over the regular key tops of type-  
writing machines. Any one can put these cushion  
keys on the machine.

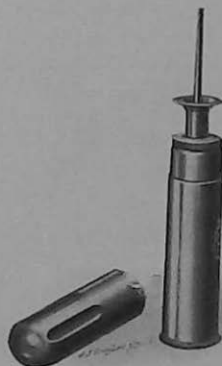

### Price-List

Complete Keyboard Sets . . . . .	\$5.00
Single Keyboard Sets . . . . .	3.50
Extra Separate Keys (1 character) . . . . .	.10
Extra Separate Keys (2 or more characters) . . . . .	.15

No extra charge for special characters to com-  
plete sets. Single keyboard sets made in either  
white or black.

## Oil Cans

Our oil cans are guaranteed not to leak and when in use will regulate the supply of oil to a nicety. It is the perfect oiler.

Price, 25 cents

## Typewriter Oil

Careful attention should be given to the oil used on your typewriter. Cheap oil will gum the finer working parts of the machine and prevent the best work. Use only the best oil and in very small quantities.

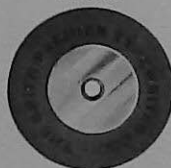

### Price-List

Premier Lubricating Oil, one bottle . . . \$ .20  
Premier Lubricating Oil, one dozen bottles . . . 2.00  
Premier Lubricating Oil, one-half pint bottle . . . 75

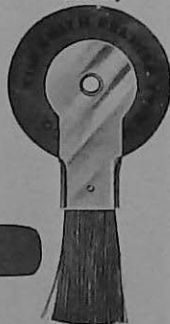

## Premier Rubber Erasers

Special erasers having a considerable amount of grit are found much more satisfactory than ordinary pencil erasers for use on typewritten work. We recommend any one of the following styles.

No. 1080

No. 1087

No. 102

No. 104

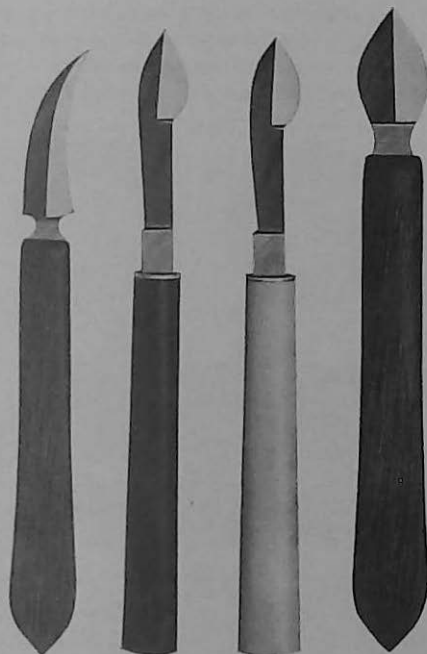

### Price-List

No. 685, Black Rubber Handle . . . . .	.50 each
No. 686, White Bone Handle . . . . .	.50 each
No. 782, Cocoa Handle . . . . .	.35 each

## Smith Premier Pencils

Our stenographers' pencils, made in three grades of hardness, are suitable for all kinds of stenographic and office work. No. 2 is soft, No. 3 medium and No. 4 hard. These sell at the uniform price of 50 cents per dozen.

## The Perfect Pencil Pointer

We recommend this pencil sharpener as a most convenient article for the desk in any office. The pencil is revolved on a steel file and can always be kept sharp with little effort. The pointer does perfect work, will last for years and when one side of file is dulled the other can be used. Saves in pencils, neatness and time. Price, \$1.00 each.

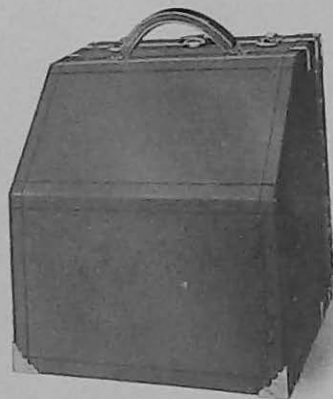

## Dusting Brushes

Red handled brushes for dusting machines and suitable for dusting between the key tops. Price, 15 cents each.

## Felt Mats

These mats are very thick and are used to place under the typewriting machine. In size they are 12x14 and are regularly furnished in orange color. Price, 50 cents each.

## Smith Premier Traveling Cases

Traveling cases in russet or chocolate colored leather are made for all Smith Premier Typewriters. These cases are strongly sewed and bound and fitted with locks.

### Price-List

Leather Traveling Case for No. 2, . . . .	\$10.00
Leather Traveling Case for No. 3, . . . .	11.00
Leather Traveling Case for No. 4, . . . .	10.00
Leather Traveling Case for No. 5, . . . .	10.50

## Dust-proof Covers

We can furnish Japanned metal covers for Smith Premier Typewriters, also cloth or rubber covers for any of our machines.

### Price-List

Japanned Metal Covers, . . . . .	\$2.50 each
Cloth Covers for Nos. 2, 4 or 5 . . .	.50 each
Cloth Covers for Nos. 3 or 6 . . . .	.50 each
Rubber Covers for Nos. 2, 4 or 5 . .	.75 each
Rubber Covers for Nos. 3 or 6 . . . .	1.00 each

## Card Holder Attachment

This device can instantly be attached to the platen roll and is of great service when writing on cards is necessary. Price, 50 cents each.

## The Gem Paper Clip

This clip can be used to hold together all kinds of papers, enclosures, manuscripts, etc., without mutilation. After fastening a large num-

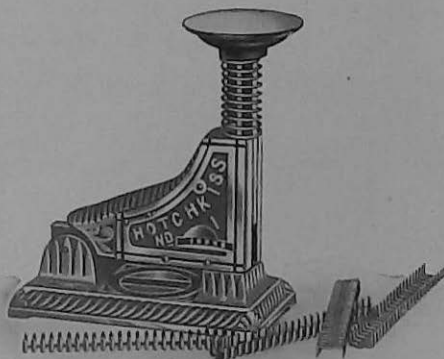

ber of papers the clip will be just as effective thereafter on a small number. As many as forty single letters can be held in a clip, and this simple little device will thus take the place of more expensive spring clips. Quickly applied and easily removed.

### Price-List

In Boxes containing 100 clips . . . . .	\$ .20
In Boxes containing 1000 clips (10 boxes of 100)	1.50
In Boxes containing 1000 clips (bulk) . . .	1.35

## The Hotchkiss Automatic Paper Fastener

The Hotchkiss is the most simple automatic paper fastener on the market. The staples are carried in the machine. All that is necessary is to insert the paper and a blow from the hand will be sufficient to securely bind many thicknesses of paper. This is a most convenient article to have on an office desk.

This fastener is built on a new and improved principle, is very strong and durable and will not get out of order.

### Price-List

Complete with one box of staples . . . . \$1.50  
Extra box of 500 staples . . . . .25

No. 3, Flat Head, per box . . . . .15  
McGill Fastener Punch, each . . . . .25

## Smith Premier Typewriter Furniture

For stock, style and convenience in arrangement our cabinets are unequalled. They have been designed to meet every requirement of typewriter users. Every desk is built by skilled workmen from selected lumber, thoroughly kiln-dried, and given a highly polished finish.

In our drop cabinets we use a heavy projecting base, built-up writing-bed, lid and machine platform. Raised panels are used, and the drawers in the pedestal and pigeon-hole cases are of hard wood, insuring perfect action. The lower section of the pedestal holds a double drawer, properly divided to receive large books. Cabinets are fitted with slides for convenience in dictating; have self-locking drawers and duplicate keys.

Our metal drop mechanism device is most simple in construction and easy of operation. The machine is raised or lowered with little effort and there is positively nothing to get out of order. When the machine is dropped out of sight, it can be securely locked if so desired.

Our prices are based on quartered oak with golden oak finish, but we finish our desks in natural oak, light or dark, or to match sample if desks are required for offices where there is any peculiarity in the woodwork. Our line is furnished also in mahogany or black walnut, or in imitation mahogany or cherry.

Special size cabinets of all numbers are supplied at slightly advanced cost for our wide carriage No. 6 Smith Premier.

## No. 20 Roll Top Desk Premier Grade

Price, \$45.00

Length, 50 inches; width, 32 inches; height, 50 inches. Weight, packed for domestic shipment, 300 pounds; for export, 425 pounds; 56 cubic feet.

Made of selected quartered white oak, finely figured, extra finish all over; drawers finished inside and out; pigeon hole contains two complete

indexed letter files; interchangeable document boxes with polished fronts, finished inside; private compartment with cupboard door and lock, which is covered by sliding curtain. The lower part is made with raised cross panels, projecting base, hand-carved drawer pulls, heavy arms; perfect mechanism, which is nickel plated; two lower right hand drawers in the pedestal made in one deep drawer for books. When typewriter is dropped can be used as a desk. Can be taken apart to go through very narrow doors or stairways. The curtain on the roll top automatically locks all of the drawers. This desk has a heavy moulded writing-bed.

### Regular Cabinet Finishes

For convenience in ordering, we designate our regular cabinet finishes by numbers.

Finish No. 1—Dark golden oak. This finish is given regularly to our cabinets Nos. 18, 19 and 20.

Finish No. 2—Light golden oak. This finish is given to our cabinets Nos. 13, 14, 15, 16, 17, 017 and oak table.

Finish No. 3—Antique oak.

Finish No. 4—Natural oak.

Finish No. 5—Imitation cherry.

Finish No. 6—Imitation mahogany.

Finishes Nos. 3 to 6 inclusive are regular standard trade finishes, and these can be varied to suit the requirements of the customer, being made darker or lighter. Where desks are required for offices to match peculiarities in the woodwork, a sample showing the finish desired should always be forwarded.

## No. 19 Eight-Drawer Cabinet Premier Grade

Price, \$30.00

Length, 50 inches; width, 32 inches; height, 30 inches. Weight, packed for domestic shipment, 230 pounds; for export, 340 pounds; 36 cubic feet.

Selected quartered white oak, finely figured, polished finish, raised cross panels, projecting base, hand-carved pulls, heavy moulded writing-bed, drawers finished inside and out; two lower right-hand drawers made in one deep drawer for books; perfect mechanism, which is nickel-plated. When typewriter is dropped can be used as a desk. Can be taken apart to go through very narrow doors or stairways.

No. 18  
Four-Drawer Cabinet  
Premier Grade

Price, \$25.00

Length, 38 inches; width, 32 inches; height, 30 inches. Weight, packed for domestic shipment, 160 pounds; for export, 260 pounds; 28 cubic feet.

Selected quartered white oak, finely figured, polished finish, raised cross panels, projecting base, hand-carved pulls; drawers finished inside and out; perfect mechanism, which is nickel plated. When typewriter is dropped can be used as a desk. Has heavy moulded writing-bed. Can be taken apart to go through very narrow doors or stairways.

## Premier Typewriter Support

Price, \$4.00

Quartered oak baseboard  
Iron work Japanned

This is a substantial device and can be easily and securely attached to either end of any roll or flat-top desk. It supports the typewriter at any desired height convenient for use. The machine may be swung away from the desk out of the way or into position for a stenographer's use. The support is strong and without the vibration so common to other like devices. It is the best article of its kind on the market.

Baseboards furnished in dark and light oak, cherry or mahogany. If the latter, add 25 cents to list price. Please specify wood desired when ordering.

## Smith Premier Chairs for Stenographers

It does not pay to retard the effectiveness of your stenographer by a poor typewriter, an inconvenient desk or an uncomfortable chair. The value of your stenographer is based on the amount of accurate work turned out, and any assistance toward that end is economy.

The stenographer's chair increases the efficiency of the stenographer because it supports the back at the right place all the time, preventing fatigue. By a touch of the lever at the side, without rising from the seat, the chair back support is instantly adjusted forward or backward to the required position. It rests the back just where it needs resting.

We have a large line of chairs from which to make selection, only a few of the leaders being here shown.

Furnished in oak, walnut, cherry or mahogany, and with any style of upholstery that may be desired.

Let us know your wants and we will send complete illustrated catalogue.
