# CLEANING AND MAINTENANCE are FAST, EASY and INEXPENSIVE with FOLD-A-MATIC

TRADE MARK

... because all working parts are exposed in 3 or 4 minutes!

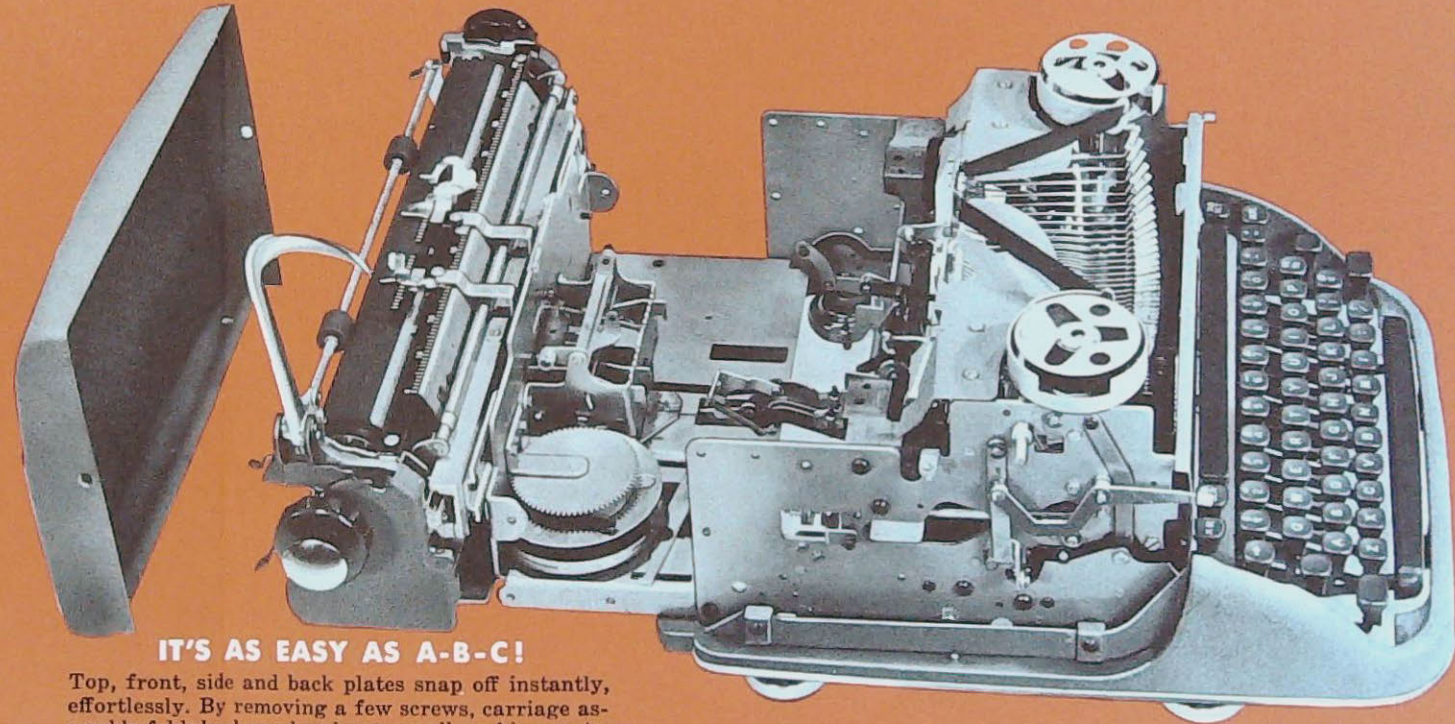

Proper cleaning, oiling and adjustment of an ordinary typewriter is a time-consuming, *expensive* operation! You pay plenty for the time it takes to dismantle and re-assemble.

Servicing the new REMINGTON STANDARD Typewriter, however, is a different story. In as little as *three or four minutes* all working parts are exposed. There's no wasted time — no inaccessible parts. With FOLD-A-MATIC, all maintenance, from cleaning out erasures to replacing the frame, is made easier, faster, far less costly.

Ask to see FOLD-A-MATIC construction, before you buy any new typewriter. This exclusive feature saves hours of servicing time—extends the machine's life. And it's only one of the many work-saving advancements that make the new REMINGTON STANDARD the best typewriter buy on the market today!

## Exclusive FOLD-A-MATIC

- Permits maintenance and cleaning right at the operator's desk
- Keeps service charges to minimum
- Makes *complete*, periodic oiling, cleaning, *easy*
- Reduces time for major repairs or replacements
- Protects your payroll investment by having machine working at top notch efficiency at all times

### IT'S AS EASY AS A-B-C!

Top, front, side and back plates snap off instantly, effortlessly. By removing a few screws, carriage assembly folds backward and exposes all working parts. No other typewriter can offer you this simplified, money-saving FOLD-A-MATIC feature. See it today!
