Limitless, non-glare keys are fingerprint-shaped to cup your fingertips. Key characters can't wear off.

Easiest system on any portable! Simply press down on pointers and slide them to desired position.

Automatically "remembers" writing line when you release ratchet to type between lines.

Gives single, double and triple spacing. Close to keyboard for easy reach and faster carriage return.

(1) Holds paper against platen. (2) Flips forward for paper insertion. (3) Pulls for-ward for paper insertion.

For quieter typing. Operating noises are carried out rear of portable through vents in casing.

Steel spring snaps typebar back faster after printing. Less chance of jamming.

Permits fastest typebar action on any portable. In correct rhythm, it's impossible to jam the keys!
